

COMPO GmbH | Postfach 2107 | 48008 Münster

Statement: Safety data sheets for potting soils, bark mulch and lawn seeds

27.05.2020

In accordance with Article 31 of Regulation (EC) No 1907/2006, safety data sheets for substances or mixtures shall be prepared and made available when:

- a) the classification criteria of Regulation (EC) No 1271/2008 are fulfilled; or
- b) is persistent, bioaccumulative and toxic or very persistent and very bioaccumulative according to the criteria set out in Annex XIII; or
- c) contain hazardous or environmentally hazardous substances containing $\geq 1\%$ by weight or $\geq 0,2\%$ by volume; or
- d) contain a substance for which there are Community workplace exposure limits

The potting soils distributed by COMPO GmbH contain no dangerous substances with concentration $>0,1\%$, so that no safety data sheets have to be provided according to this regulation.

Sincerely yours,

COMPO GmbH
